WORKSTATIONS

A modern office workstation featuring two light-colored wooden desks with dark metal legs. Each desk is equipped with a black office chair and a computer monitor. A white, conical pendant lamp hangs from a ceiling with dark wooden slats. The workstation is positioned in front of a large window with black frames, offering a view of a cityscape. The floor is covered in a dark blue, textured carpet.

VERTX BLACK HA WORKSTATIONS

The VertX Single Desk innovates your standard office design into a premium office space like no other. With its ability to either sit or stand, the VertX offers users the ultimate versatility of their workspace and provides a long range of health benefits.

Incorporating an advanced, powerful motor built with an anti-collision system, the VertX allows users to control the height of the desk to ensure to efficiently maximise their productivity and a long lasting performance.

Built with a 75mm by 75mm Square Post 3-Stage Leg for the most stability and a higher weight rating. Equipped with a slope foot design suitable for any space and establish the upmost safety for everyone.

Available in Black or White
